1. INTRODUCTION

1.1 Purpose

This document specifies the requirements for the FCRIT Voting System, a web-based application designed for conducting secure and transparent student council elections at FCRIT.

1.2 Scope

The system provides functionality for user registration, candidate application management, secure voting, and comprehensive analytics.

2. SYSTEM OVERVIEW

2.1 System Objectives

- Provide a secure and transparent voting platform
- Enable efficient candidate registration and management
- Ensure voter privacy and vote integrity
- Provide real-time analytics and reporting

3. FUNCTIONAL REQUIREMENTS

3.1 User Management

- User registration and authentication
- Role-based access control (Admin, User)
- Password management

3.2 Voting System

- Secure vote casting
- Vote anonymity protection
- One vote per user per election

4. NON-FUNCTIONAL REQUIREMENTS
